The general membership voted at the January meeting to begin meeting twelve months out of the year. This will allow us to conduct important business year round, as well as expand our program and summer activities. It will also enable teachers to attend who cannot meet during the school year. Summer months will be dedicated to fun activities for artists of all ages. If you have ideas or are willing to provide a summer activity, please contact a member of the Board. Stay tuned for more details!

One focus this year is publicity. We are making a concerted effort to ensure that the word is out about us and the Fort Bend Art Center. Signage will be increased to include our building entrance, entrances in and out of Rosenberg, printed materials in strategic locations and an increased presence on social media. Special events to draw people into the gallery include upcoming student art exhibits by Clements High School and Calvary Episcopal Prep. Additionally, special art receptions, art lectures and art presentations are being planned at the FBAC. It’s going to be an exciting year!

Partnership with Skeeters – The Sugar Land Skeeters want to partner with the Art League of Fort Bend to display art at Constellation Field. Artists are encouraged to create art for display in the Insperity Club suite area. Subject matter will be anything Sugar Land, Skeeters or Constellation Field on an ongoing basis, and specific themes will be named for each month. There will be a size limit of up to 25” x 30”. Open air paint-outs will occur on several occasions. There will be a call for art the last week of April. Opening day is Sunday May 5th. Please check the ALFB website for applications, guidelines, agreements, and the waiver and release of liability.

We are so blessed to begin this year in such a great place. Many, many thanks to ALL for all the hard work that has gone before to make this league and organization the vibrant organization that it is. We got our start in 1957, so our history speaks to the dedication and care that has been provided to ensure that the Art League of Fort Bend is strong. The Board and I will continue to ensure that we stay ready to move into the future, and part of doing that is hearing from you! Copies of a questionnaire for 2020 was available at the January meeting, but if you missed your copy, it is not too late. Copies are available at the front desk, and of course you can email me for a copy as well. Please take the time to let us hear from you. Your voices are important to us.

Thank you for the honor of serving as your President.

All the best – Brenda
Your input on how to improve and make OUR Gallery the best place possible will be most appreciated. Please take a moment to fill out our Questionnaire on the next page.

Copies of the questionnaire are available at the Fort Bend Art Center.

Please forward your completed Questionnaire to:

“GETTING TO KNOW YOU”

Cheryl Sedivec

By Beth Fox
As a result of being outside all the time growing up, studying geology and geophysics in college, and volunteering with various local environmental groups, Cheryl has come to learn and appreciate all that nature has to offer. She tries to reflect its beauty in many of her pieces by combining that love of nature with glass, while at the same time showing the importance of our environment. She also likes to add a little humor to make you smile.

In 2013 Cheryl took a beginning fused glass workshop out of curiosity and became entranced and the rest is history. She continues her development as a glass artist through experimentation, along with additional workshops with local, national and internationally known glass artists. She has won awards on a local level for her work.
Cheryl grew up in NY state near West Point. She went to Boston College and received her Bachelor of Science Degree in geology and geophysics in 1980. After graduating from college, Cheryl worked as a geophysicist from 1981-1999. She met her husband Peter thru work and married him in Sept 1998. She stopped working when Kenny, her son, was born in June 1999. As Kenny grew older Cheryl began to look for things to do outside the home. She took the Master Gardener and Master Naturalist classes in Ft Bend County and started associating with people who cared about our environment and had her similar viewpoints. Through these associations Cheryl learned about our local wildlife and their habitats.

Cheryl found her place volunteering with groups such as the Katy Prairie Conservancy, Native Plant Society of Texas, Native Prairies Association of Texas.

Cheryl Sedivec

By Beth Fox

A journey that started out as a hobby has grown into a world where Cheryl Sedivec wins awards, has her own art shows, and sells her work at galleries and Farmer’s Markets.

In 2019, Cheryl had her first art show at Friendswood Art in the Park. It was an amazing show.

We hope to see more of Cheryl Sedivec and her lovely work in the future.
The above artists participated in Paint Grand Traverse 2019. Gary has been invited to participate in the PGT 2020

Paint Grand Traverse: a plein air affair, is a week-long plein air painting festival and competition featuring 36 artists from across the country.

The Grand Traverse region is located in northwest lower Michigan and is known the world over for its gorgeous scenery, hundreds of miles of Lake Michigan coast, and historic small towns and villages. The largest of these, Traverse City, is nestled on the southern shore of West Grand Traverse Bay, and is home to Crooked Tree Arts Center - Traverse City.

Paint Grand Traverse is presented by Crooked Tree Arts Center and was founded in 1971.
We will be the last stop of the evening; chocolate will be served. Artists are encouraged to be in their studios and all are invited to participate in a fun evening!

**Member's Gallery**
All ALFB members may place one to two pieces of art in the Member's Gallery. Space is limited so art is accepted on a first come basis. The next art change out is Jan 6th from 10 to 6. If you are currently in the Member's Gallery and your art has been hanging for the last 3 months you need to bring in fresh art. If you have not signed a Consignment Contract you need to do so. We will have copies at the front desk.

**Gift Shop**
Members can participate in the gift shop but remember the art needs to be priced at $150 or less and be entered on your spreadsheet. The art needs a printed ID art tag and prepared for displayed.

If you would like to start selling your art in the gift shop you need to contact Don Golden at [don@txgoldens.com](mailto:don@txgoldens.com) to set up a spreadsheet. You will be required to work one day a month at the front desk. Whoever is working that day should be able to help you get signed up on TeamUp. Please make sure that your Consignment Agreement is up-to-date.

If you have any question contact Mary at [mlynch66@gmail.com](mailto:mlynch66@gmail.com) or 703-597-7882.

We will work on any landscape you choose. You are welcome to bring photo reference or use one of my photos. It is important to have a red, yellow and blue that are fairly neutral in temperature. I use Rembrandt Permanent Red Medium, Utrecht Ultramarine Blue, and Utrecht Cadmium Yellow Lemon or Utrecht Hansa Yellow light. I prefer Utrecht Titanium White. If someone brings other brand or colors to class, that’s fine, but it is important to have artist grade paints to be able to get nice clean color mixtures.

Although he came to art later in life than most, Chuck Rawle has been making up for lost time by working hard to hone his skills as an artist. It started as a pastime and soon became a passion. When Chuck decided to take up oil painting, he sought out the best instructors available. By studying with the best and applying the lessons learned diligently, Chuck has arrived at his own interpretation of the infinite beauty of nature.

Almost without exception, fine artists insist on working from life whether they are painting still life, landscapes, or figures. For Chuck there is no acceptable substitute. When it became apparent that working from life was the best way to paint convincing landscapes, Chuck began painting outdoors at every opportunity while working full time in another occupation. Because of the time constraints of that job, Chuck began looking for ways to increase his painting time. With the support of his wife, they sold their home, bought a recreational vehicle, and began traveling to those locations that offered inspiration and subject matter for his landscape vision.

Chuck has painted in most of the western states (including Hawaii), the Canadian Rockies, and Mexico. Painting outdoors almost everyday has contributed even more to his education than the workshops. Nature is indeed the best teacher, and a demanding taskmaster. Combining fulltime RV living with fulltime painting has been a perfect lifestyle for a developing landscape painter. With an abiding love of the great outdoors and a passion for painting, Chuck feels he has the best of both worlds in a gratifying and stimulating new career.
When Chuck puts his brush to canvas, he wants the viewer to be transported with him to some of the most magnificent scenery. He expects the viewer to feel the sun on his face, relax with the tranquility of placid waters, revere the majesty of towering mountains, sense the dampness of a muggy afternoon, or the clarity of clean mountain air. Such an experience gives us all an emotional connection to the beauty of our world. And that connection is how art enriches our lives. Creating such enrichment gives Chuck immeasurable satisfaction.

In addition to galleries, Chuck’s award winning work can be found in several prestigious juried shows, including Arts for the Parks Top 100 in 2001. Chuck is a founding and signature member of Outdoor Painters Society, as well as Oil Painters of America.
